- Redesign and develop a Jasper Report project for largest for-profit managed health care company.

### **Software Developer II, Infinite Energy Inc**, Gainesville, FL, USA (Feb 2013 to May 2015)

- Rewrite email sending system using Mandrill/MailChimp.
- Rewrite services using a combination of monolith and microsystem approach, and refactor restful API on top.
- Rewrite Customer web application using AngularJS.
- Lead developer on mobile-2.0 using the Ionic framework.
- Release production version, know some basic network load balancing cluster knowledge.
- Maintain Customer WebApp/Admin and Enrollments WebApp/Admin.
- Design, build and maintain Sales Portal WebApp/Admin and Coupon Services web applications from scratch.
- Design, build and maintain mobile1.0 using Cordova.
- Design and build automated online enrollments Restful API and documentation from scratch.
- Writing automated test using Arquillian Persistence Extension.
- Prototype and build PushPlugin and Restful services for IOS push notification.

### **Software Engineer, Yahasoft Inc**, Norcross, GA, USA (Sep 2012 to Jan 2013)

- Build and maintain TOTS, TEIDS web applications.
- Innovation projects: A/D via VB.NET & Oracle 11g: Find all service provider within given zip code and radius; Software integrity w/ SHA-1/MD5 hashing; Fill & Merge pdf template using PDFBox.

**Data Analyst, Delaware Valley Regional Planning Commission, Philadelphia, PA, USA (May 2011 to Aug 2012)**

- Build Census databases for Pennsylvania and New Jersey, design forms, write complicated queries and generate reports using VBA and Microsoft Access.
- Build DVRPC “Board Member”, “Staff List” and “Our Region” sections of official website using VB.Net, Fusion Charts and Google Map 2.0.
- Make ribbon via XML file in system table for Microsoft Access 2010 depends on previous custom toolbar implemented in Microsoft Access 2003.
- Analyzed, designed, developed and revised several VB.Net/Oracle web applications for internal usage.
- Build Java Application from scratch to migrate table structure and data from Microsoft Access to Oracle 11g.

## **PROJECTS**

**Settlement Management System - Tech Lead, Mercuria Energy Trading S.A.**

An internal software solution helps internal customers (globally) better doing physical commodity trading in a more effective manner. Functions include invoice control, cash management and logistic operation management.

**Responsibility:** Lead developer. Scrum master. Coach.

**Tools:** Java8, Sql Server, Dropwizard, Flyway, Docker, Angularjs, Gitlab, Alfresco, SAP integration, solace mq

**HelloWallet1.0 – Lead Developer, KeyBank, Morningstar Inc.**

Provides personalized financial guidance to members and relies on behavioral economics to incentivize workers to implement its advice.

**Responsibility:** New features development, bug fixes, batch job performance improvements (optimizing sql query), KeyBank user auto enrollment process, SSO for new customers.

**Tools:** Java6, JBoss7, MySQL5.6, Spring Batch, TeamForge, Docker, Openshift, Splunk, New Relic, BitBucket, Git

**Solr Search application - Senior Developer, Deloitte Consulting LLP**

Deloitte takeover IBM contract for the client to re-design its internal new drug search application and Talend job migration.

**Responsibility:** New features development.

**Tools:** Java8, AngularJs, DB2, Talend, Solr(Training only), Git

**Release management, code management - Consultant/ Architect, Deloitte Consulting LLP**

Propose a high-level and coordinated product release model for managing client’s releases and pre-production development and test environments, including code management, build and promotion processes.

**Responsibility:** Assist with the evaluation of a release management model and tweaking of that model for the new delivery team at client. Help creating a strategy for code management and governance of their pain points and tweak our existing release model.

**Infinite Energy Web Services API - Tech Lead/Developer II, Infinite Energy, Inc**

Single token based restful services on a secured connection, to provide the same functionalities for customer web app and enrollment web app. Allows mobile app to make direct json service call to get desired outcome.

**Responsibility:** Gather requirements from stakeholders, code development, architecture design, bug fix.

**Tool:** Java7, Wildfly8.1, RestEasy, Hibernate, Arquillian Rest Extension, SQL server, Maven2.0, CDI, EJB3, JPA2, Git

**Customer Web Application and Enrollment Web Application - Developer I/Developer II, Infinite Energy, Inc**

Customer: Web based application to allow user manage their nature gas/electricity account, view bills, make payments, set up recurring payments, view historical usage and generating reports. Enrollment: Web based application, which allows user enrolling nature gas/electricity services online when they move to a new home or change the address.

**Responsibility:** Maintain customer web application, bug fix, add new features.

**Tool:** Java7, JBoss7.1.1-Final Hibernate, Arquillian Rest Extension, SQL server, Maven2.0, CDI, EJB3, JPA2, JSF2.0, Primefaces5.4, IText, Git

**Infinite Energy Mobile App 1.0/2.0 - Tech Lead/Developer II, Infinite Energy, Inc**

Upgrade version of Infinite Energy Mobile Application1.0. New technology, improved user experience, accessibility required.

**Responsibility:** Architecture re-design, Code development, code review.

**Tool:** Cordova/PhoneGap, html, css, Git, Ionic1, sass, Angularjs

## **AWARDS & CERTIFICATION**

- ITIL® Foundation
- IBM Certified Application Developer - Cloud Platform v1
- IBM Object Oriented Analysis and Design - Part 1 (Analysis)
- Deloitte Lean Six Sigma Yellow Belt
- Oracle Certified Professional, Java SE 7 Programmer (July 14<sup>th</sup>, 2014)
- Oracle Certified Associate, Java SE 7 Programmer (July 12<sup>th</sup>, 2013)

## **EDUCATION**

- **M.S. in Web and Database Technology**, Saint Joseph's University, Philadelphia (Sep 2010 – Dec 2011)  
GPA: Major: 3.4/4.0
  - **Teaching Assistant in Java**
  - **Member, Weekly Service** (September 2010 to December 2010)
  - **Web Manager, The HAWK Newspaper** (November 2010 to May 2011)
- **B.S. in Computer Science**, Nanjing University of Aeronautics and Astronautics, China (Sep 2006 - July 2010) GPA: Major: 3.8/5.0

## **LANGUAGE**

- **Mandarin – Native**
- **English – Bilingual Proficiency**
- **German – Elementary Proficiency**
